The DINA vacuum container combines the function of a thermos flask and a food container. We can take the small container anywhere and enjoy a hot lunch at work or school. For the sake of simplicity, there is a folding stainless steel spoon in the cap. Thanks to vacuum insulation, the temperature is maintained for up to 8 hours. The inside of the container is made of high quality stainless steel. Unusual notebook with black scratch-off sheets. You can make a colorful rainbow picture with a bamboo stick. This is a great way to develop your own imagination by creating your own scratch card compositions.
